

Can I designate a child or children with cancer to honor at the event?

The St. Baldrick's Web site features profiles of children with cancer who are the real inspiration behind the event. Any participant with a Web page can choose one or more children to honor. Browse the Web site (click on "The Kids") and choose one or more children to honor at your event! Your Web page can show visitors your commitment to honoring that child. This can make a big difference in a family's life, and it will help motivate your fellow shavees, volunteers, teams and donors, too!

Thank you for being a hero to kids with cancer!
