

How can out of town facilities participate in Basin Electric's St. Baldrick's event?

Find a volunteer at your location to coordinate all activities. This individual should go to <http://www.stbaldricks.org/>, click on Get Involved/Volunteer. Locate Basin Electric's event, and click "Join Event." The volunteer coordinator will facilitate the head shaving/hair cutting event at your location and assure that all rules are being followed. The **St. Baldrick's Event Organizer Guide** contains guidelines and serves as a valuable resource.

You can plan your event any way you'd like. Professionals must do the shaving, but you can still auction off rights to the highest bidder to assist in the head shaving. As long as you follow the rules, you can make this event what you'd like it to be. Just remember: clippers must be used ... no razors of any kind.

Your coordinator should work with Jodi Schlatter and Lori Selzler at 701-223-0441 who are the official treasurers of the event on donation questions.

Volunteer shavees/individuals cutting more than 10 inches of hair should individually sign up as a "shavee." A shavee must form a team, using your location's name.

Once your team is formed and your head shaving/hair cutting event is set at your facility, contact Anika Schaff at 701-557-5786, and she will mail you promotional materials and table tents.

All shavees will receive a St. Baldrick's t-shirt.

Please contact Anika Schaff, Mary Klecker-Green at 701-557-5604 or Emily McKay at 701-557-5618 with further questions.
